Homework Assistance –

Homework Support Curriculum

NPO 167-542 | PBO 930052254

22 Fox Glove Avenue, Primrose, Germiston

Curriculum Philosophy

Principle	Practice
Child-Centred	Each child gets support at their level
Encouraging	Praise effort, celebrate progress
Structured	Clear routine, focused time
Patient	Every child learns at their own pace
Holistic	We support the whole child, not just homework

Grade-by-Grade Support Guide

Grade	Focus Areas	How Tutors Can Help
Grade 1-2	Reading readiness, phonics, basic numeracy	Read with child, letter recognition, counting games

Grade	Focus Areas	How Tutors Can Help
Grade 3-4	Reading comprehension, multiplication, writing	Ask questions about stories, times tables practice
Grade 5-6	Problem-solving, fractions, essay writing	Break down problems, outline essays
Grade 7	High school preparation, study skills	Organisation, note-taking, revision techniques

Homework Session Structure

Phase	Duration	Activity	Tutor Role
1	5 min	Settle in, get materials ready	Guide, check supplies
2	25 min	Independent work with support	Circulate, assist as needed
3	10 min	Group check-in, common difficulties	Explain concepts, model solutions
4	5 min	Wrap-up, prepare for next session	Review progress, set goals

Tutor Guidelines

Do	Don't
Be patient and encouraging	Do the work for the child

Do	Don't
Ask guiding questions	Rush or pressure
Celebrate small successes	Compare children
Keep it positive	Get frustrated
Ask for help if unsure	Pretend to know

Core Subject Support

Literacy (Reading & Writing)

Grade	Key Skills	Activities
1-2	Letter recognition, phonics, simple sentences	Letter tracing, word games, read aloud
3-4	Reading comprehension, spelling, paragraphs	Comprehension questions, spelling bees, journal writing
5-6	Inference, essay structure, grammar	Summarising stories, outlining essays, editing practice
7	Critical reading, research, formal writing	Analysing texts, research projects, essay drafting

Numeracy (Mathematics)

Grade	Key Skills	Activities
1-2	Counting, addition/subtraction, shapes	Counting games, flashcards, shape sorting

Grade	Key Skills	Activities
3-4	Times tables, multiplication/division, fractions	Times tables drills, word problems, fraction games
5-6	Decimals, percentages, basic algebra	Real-life problems, percentage discounts, equation solving
7	Ratios, integers, geometry basics	Ratio problems, integer games, area/perimeter tasks

Reading Support Programme

Level	Book Types	Support Method
Beginner	Picture books, simple readers	Read together, point to words, discuss pictures
Developing	Short chapter books	Child reads aloud; tutor asks questions
Confident	Longer chapter books, non-fiction	Silent reading, then discussion, vocabulary building

Reading Log:

Date Book Title Pages Read Tutor Initials

Maths Support Programme

Skill Area	Resources	Activity Examples
Number sense	Counters, number lines, flashcards	Ordering numbers, skip counting, place value games
Operations	Manipulatives, worksheets, dice	Addition/subtraction races, multiplication bingo
Fractions	Fraction circles, pizza templates	Comparing fractions, equivalent fractions
Geometry	Pattern blocks, shapes, tangrams	Shape sorting, symmetry drawing, area puzzles

Study Skills (Grade 7)

Skill	Technique	Practice Activity
Organisation	Use of homework diary, folder system	Set up a study folder, colour-code subjects
Time management	Prioritise tasks, break into chunks	Plan a week of homework, set timers
Note-taking	Highlight key points, summarise	Practice with a short text
Revision	Flashcards, mind maps, quizzes	Create flashcards for a test

Progress Tracking

Pupil Name	Grade	Strengths	Areas for Improvement	Tutor Notes
